"RE-INVENTING ADVOCACY"

The Basis of Our Community Business Enterprise Program

For many decades, people with hearing disabilities have faced multifaceted barriers to employment and self sufficiency.

And to top it off, public agencies such as the Equal Employment Opportunity Commission, The Department of Labor, The Department of Fair Employment and Housing, among many publicly funded 'advocacy organizations' have been lethargically slow to address the problems faced by people with hearing disabilities in their quest for gainful employment and self sufficiency.

We lead the deaf communities by offering real solutions and opportunities that lead them toward self sufficiency and away from dependence on publicly supported welfare programs.

Through Our Community Business Enterprise Program, we help deaf people with the following:

1) **Critical paperwork for:**

- Sole Proprietors
- Partnerships
- Limited Liability Companies
- Corporations
- Licensing / certification
- Reseller credentials

2) **Employer's Kits**

3) **One stop source for:**

- Original government forms
- Legal forms to establish your business
- Assistance with following the instructions on forms

4) **Connections to:**

- funding sources
- business startup assistance programs

5) **Assistance in obtaining:**

- grants
- funding requests
- fundraising opportunities
